Projected Area: 10.812 in²

Total Unit weight (including screw) .203 lbs.

**Baseplate and Cover are 100% LEXAN
(940A Polycarbonate)**

The LDM1-2 model fits all standard duplex electrical outlets. The standard-size cover will fit over most household electrical plugs including table/floor lamps, stereo equipment, and small electrical appliances. The baseplate is mid-sized, allowing for cover-up of wall imperfections around the receptacle.
