## Don't Let Your Electrical Outlets Be One Of Them.

There are so many places where a bit of forethought can make a world of difference. At LectraLock, we know that one of these places is your electrical outlets. It's a pretty sure bet that, at some point, your child will find them irresistible.

*That's where we come in...*

At LectraLock, we manufacture the finest outlet-protector available. It's our specialty. We've even gone a step further, just for you; we've made them attractive. Available in a variety of colors and models to suit any decor, all LectraLock outlet protectors come with a clear crystal-like cover that snaps on and off instantly. From form to function, you won't be left wanting - **We Guarantee it!**

*We encourage you to compare our product with any competing product, made by any other company, large or small. You'll quickly find out, we're #1 for a reason.*
